Experience Water Sports In Tarkarli with some of the most fun filled and alluring activities that would leave you refreshed and energized, offering a level of pleasure so surreal. We offer some of the finest and entertaining activities for people of all ages, experience and spirit.

Let the rush and the thrill of the hypnotic waves of the sea work its charm upon you, while you play around and have fun performing activities like:-

1. **Speed Boat:** Speed boat is a adventure and craze among the tourists coming to visit Malvan and Tarkarli. Speed freaks who love to flirt with the water can't resist getting into a speed boat. These speed boats can carry six to eight people at a time and can be used as a transportation medium. Speed is a very common passion amongst the adventure lovers. If jet skiing is not enough for your speed thirst then move over to speed boat. More powerful, more faster, its a great group activity. There are three to six people in the boat and you get this golden opportunity to not just thrill with the speed but also explore the Tarkarli and Devbag coastline. Fast and furiously racing against the water, speedboats give a sense of excitement that lasts for long. So, hold onto your hats and get ready for an unforgettable journey. A journey that teaches you to maneuver a roller coaster on water.

2. **Jet Ski:** If adventure is what you seek in your holiday, then Malvan will offer you that and much more. There is so much adventure at sight and hidden that you can explore and have a different experience on each day of your vacation, that too full of adventure. With a long coastline dotted with beaches, water sports is an obvious activity in Tarkarli.
Jet Skiing is regarded as the ultimate Water sport for speed lovers. It is one of the most thrilling water sports activities amongst all the other water sports. Jet Skiing is done by sitting on a machine, which can be accelerated by using an accelerator. A machine runs this Ski. The engine that is used in this Ski is very powerful so it can be run on much higher speeds. The name of this skiing comes from this only. The Jet Skis differ from place to place. Jet Skis that are available are powered at 100-135 horsepower. Though it has such a powerful engine still the machine has very simple features and is very easy to use. The machine is completely balanced from all aspects, however, one needs to take care and follow the instructions that are given by the operators. Generally the instructors make a pre-defined area in which they do the Jet Skiing. To avoid accidents Jet skies are not provided directly to the tourists. The guide provided with jet ski keeps a lot of check from any sort of accidents happening.
3. **Banana Boat Ride:** Banana boat rides is one of the most fun-filled water sport activities in Devbag. The banana boat comprises of an inflatable boat, which is shaped like a banana, which is attached to a motor boat. It can seat approximately 4-6 people. Once everyone is seated in the boat, the boat takes off in water. As soon as the motor boat sprints into the water, the boat will toss away the passengers into the water. The funniest thing is that you will find yourself thrown into the water just when you leave the beach and enter the water. After being flung into the water, the passengers will have to pull themselves back into the banana boat.
4. **Bumper Ride:** Tubing - is a riding of a tiny rounded boats on the snow or water. This activity is very exciting for adults and for

children. According to Time Magazine, tubing was purportedly invented in Thailand sometime in the middle of the 20th century and now catching popularity. Bumper is fixed behind a speed boat (as a water ski) and as speed rises it jumps up and rider has a feeling of a flight. Controlling of the tube possible by balancing of riders body due to changing of gravity centre. Tubing is not without its dangers, so be careful while riding!
